Ref: (a) CNO WASHINGTON DC 301952Z Apr 21 (NAVADMIN 086/21)
(b) COMUSFLTFORCOM NORFOLK VA 072015Z May 21 (NAVNORTH EXORD 20-032.010 Order in Response to COVID-19)
(c) NPS COVID-19 Occupational Health Analysis Work-Task Risk Assessment of 20 June 2020
(d) Safer Federal Workforce Task Force COVID-19 Workplace Safety: Agency Model Safety Principles of 29 July 2021
(e) DEPSECDEF memo "Updated Mask Guidance for all DoD Installation and Other Facilities" of 28 July 2021

Encl: (1) Centrally Scheduled Rooms

1. Purpose. This memorandum grants occupancy exemptions to permit 100 percent occupancy in the centrally scheduled classrooms listed in enclosure (1) during Health Protection Condition (HPCON) Bravo per paragraph 4.b.2 of reference (a) and the delegation of authority in paragraph 5.B.1.I.5.B of reference (b).

2. Controls. The Naval Postgraduate School (NPS) remains committed to safeguarding the health and safety of our personnel from coronavirus disease 2019 (COVID-19). In order to reduce bioaerosol transmission of coronavirus and prevent infection while increasing the opportunity to provide in-person classes, an exemption from the occupancy limitations for the classrooms listed in enclosure (1) is granted when the following three conditions are met:

a. Windows. A classroom must have operable windows which open to the outside atmosphere and a functioning ventilation system that maintains ventilation requirements provided in reference (c).

b. Vaccination. All students and instructors in the classrooms must be fully vaccinated per reference (d).

c. Masks. Per reference (e), all personnel in classroom will wear masks while Monterey County is in a state of substantial or high community transmission of COVID-19.

Subj: EXEMPTION FOR WORKPLACE OCCUPANCY LIMITS DURING HEALTH PROTECTION CONDITION BRAVO

3. Applicability. The exemption to the occupancy limit applies only to centrally scheduled classrooms listed in enclosure (1) and no other spaces at NPS. Updates to enclosure (1) will be provided to me by the NPS Director for Safety, Health, and Environmental as required or needed to incorporate evolving COVID-19 policy and situational changes that may occur in this dynamic pandemic environment.
