

Reduce Energy = Improve our Security

Thursday, Nov 17 | Glasgow Hall East 203 | 1500 - 1600

Interested in renewable energy, energy efficiency, or sustainability?
Wondering how you can be part of the solution?

Join CDR Matt McCann, formerly head of NPS Public Works, now with the Office of the Deputy Under Secretary of Defense's Facilities Energy Directorate for a conversation about DoD's role in reducing energy intensity, improving our energy security and how you can contribute to the premier energy training workshop for federal agencies.
