**Directions to the student:**

Complete this form after you identify your intended thesis topic and thesis advisor. When you and your advisor are satisfied with your completed form, print the form to hardcopy or pdf [Pdf works best if faculty involved is not local or otherwise frequently travel], and submit the form to your advisor, co-advisor and/or 2nd reader (note only two faculty members are required here) for their signatures. Submit the form to the Ed. Tech **only after** advisor & co-advisor/2nd reader have signed it (She will route it further).

**Plagiarism/Cheating**

- The student needs to be aware of the fact that the thesis represents the work of the author alone. It is the student's responsibility to ensure that material taken from other sources is acknowledged appropriately.
- The student will be familiar with the NPS Honor Code Instruction ([NPSINST 5370.4C](#)) and the ECE Information handout about plagiarism and cheating available [here](#).
- By submitting this thesis approval form, the student acknowledges having read, understood and agreed to abide by the guidelines specified in the above documents.

---

**Thesis Extensions: (please, read)**

- A student who detaches from NPS before completing his/her thesis for the master's degree will be granted an extension of one year upon submitting the thesis extension request form.
- A student may apply for up to two additional one-year thesis extensions. Requests for these extensions are initiated by the student and should include a progress report, endorsement from the thesis advisor and any other relevant information. Students are reminded that requests for 3rd thesis extension will be granted only if the student has made **SIGNIFICANT** progress towards completion of the thesis, as certified by their thesis advisor.
- **The student bears full responsibility for maintaining the viability of his/her candidacy.** If a student's extension expires, the candidacy lapses and the degree cannot be awarded at any time in the future.
- **Students must complete their thesis requirements within 3 years of the date of detachment from the School.**

The italics text shown in Sections E-I below is guidance for you. Delete italics text before submission for approval and signature.

E. Discussion of Topic
This section should describe the main thrust of the study: What the specific objectives of your proposed thesis research are; What areas will be specifically investigated and what areas will be excluded. Put boundaries around the study; Identify what the study will be (e.g., a computer simulation, an experiment, an electronic design and implementation, a system study). Discuss any limitations of the study.

F. Tentative Chapter Outline
This section should list tentative chapter headings and provide a brief discussion of chapter content. (Note: This can change).

G. Benefit of Study
This section should present the contribution expected from research efforts, what individuals/organizations may be expected to use the results of the thesis (if known) and what problems/issues will be addressed/resolved.

H. Preliminary Bibliography
This section should include a listing of representative materials consulted during preliminary literature search. This should include references to the problem or issue to be studied, prior thesis work, literature references, or other sources of information. The final bibliography will probably be much more extensive.

I. Milestones
This section should include a tentative list of target dates for completion of the successive stages of the project. You will not be held strictly to this schedule; it is a means of conveying to others when major milestones of the study are expected to be completed. The list should include dates during which the following activities are expected to be accomplished:

1. Literature Review
2. Construct Research Approach
3. Conduct Research/Travel
4. Analyze Data
5. Draft Thesis
6. Final Thesis Submission/Signature
