

# Mechanical and Aerospace Engineering Department Request for Degree Approval

In order to be considered for a Degree in the Mechanical and Aerospace Engineering Department (MAE), students must complete a Bachelor of Science in Mechanical/Astronautical Engineering Degree equivalence checklist and a proposed course of study leading to a MSME/MSES(ME)/MS-AE/MS-ES(AE) degree. Completions of forms are to be submitted to the Academic Associate of MAE for review and acceptance. More information and forms is available at <https://my.nps.edu/web/mae/students>

Degree Requested: \_\_\_\_\_

Degree Track: \_\_\_\_\_

I understand that in addition to successfully completing this course work I must meet NPS degree requirements and complete an acceptable thesis. I will submit the Thesis Proposal Approval form separately on/or before one year of graduation. I am scheduled to graduate

I understand that by choosing a MS degree in Mechanical/Astronautical Engineering I will be required to participate in the thesis presentation and provide graduating paperwork to my primary and secondary department curriculum POC.
