

# Design Processes for Strengthening the DoD's Cyber Workforce

A Design-Thinking Workshop

eWeek

**September 25-27 2014**

9:00-5:00

Bring your own lunch

**Registration is limited**

Contact: Anita Salem  
amsalem@NPS.edu

Using a human-centered design approach, we will explore the system factors impacting the retention and development of high value Cyber workers. You will learn/practice the design thinking process, explore the cyber problem space, and create prototypes of retention factors & processes.
