JIFX

Joint Interagency Field Experimentation

What is JIFX?

Dr. Mike Richardson, JIFX Director

Ashley Book, Event Operations

Jonathan Coon, Data Management

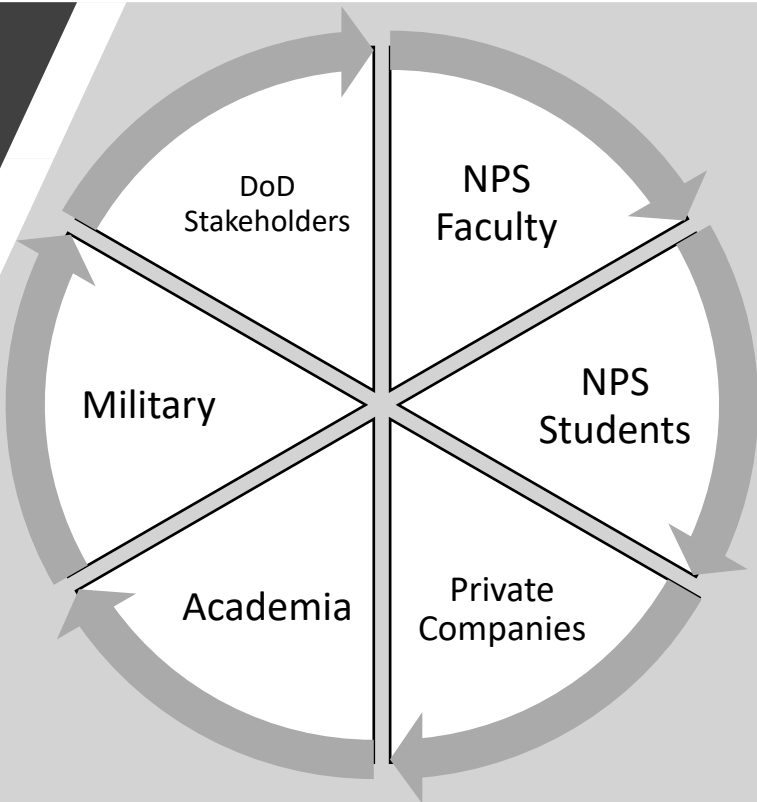

Aurelio Monarrez, Air Operations

Joseph Lukefahr, Tech & Network Management

Dirk Hale, Camp Roberts Facilities

JIFX Team

WHAT IS JIFX?

Joint Interagency Field Experimentation

Mission Statement:

The JIFX team leads experimentation in alternative methods to enable rapid technological development by cultivating a community of interest and hosting broadly scoped quarterly collaborative field events which enable DoD, US government, and allied stakeholders to identify, influence, and accelerate early-stage technology development that address national and collective security challenges.

JIFX is an **experiment** in the methods to enable **rapid technological development**.

JIFX provides researchers a turn-key solution for **safe, secure, legal, and collaborative** experimentation

What JIFX isn't:

- Tradeshow
- Conference
- Sales Event
- Demonstration
- Lectures
- Presentation
- Acquisition Event

JIFX is not a marketing event or trade show, so send your engineers!

and Illustrate Your Own Stories	Rachel Winterberg	 
ancing through STEAM	Elizabeth Peterson	 
onia - More than Just a Gallery!	Donna Staten	
11:00AM BRAIN BREAK #1		
terns in Music, Dance and Mathematics	Marcia Daft

Put on Your Math Goggles: Seeing Math in Art	Robin Ward	
PM Design Brain-Friendly Learning Spaces	Erin Klein	
1:50PM BRAIN BREAK #3		

BIG SALE

Experimentation vs. Demonstration

Experiment:

- “I need to learn something new about...”
- Several variables, looking for the relationships between them
 - “Does a change to A impact B?”
- Hypothesis: “I think I know what will happen...”
- Intent: **Gain knowledge**

Demonstration:

- “Let me show you what I can do”
- “I’ve done this before”
- No variables
- Confident of outcome even before starting
- Intent: **Share knowledge**
