

Naval Postgraduate School (NPS) - Guest Wireless Access Instructions

Steps for joining NPS guest wireless via Google, LinkedIn, Facebook Email or Text

1. In your wireless settings, connect to the NPS Guest network.
2. In your browser, browse to (<https://cloudpath.nps.edu>).
3. Click the Guests button.
4. Choose to register for guest wireless with an existing *Google, LinkedIn, Facebook account or with a verification code received via a self-designated text or email address.
 - If you select to authenticate via *Google, LinkedIn, or Facebook, you will be redirected to login with your *Google, LinkedIn, or Facebook credentials.
 - If you select to receive a verification code via email: click **Send To Email**, enter an email address for a mailbox you have access to, then click **Send**.
 - Enter the verification code received via email or text message into the Voucher Code field and click Continue.
 - If you select to receive a verification code via text message: click **Send TXT Message**, select your country, enter your phone number, and click **Send**. You must be able to receive SMS text messages.
 - Enter the verification code received via email or text message into the Voucher Code field and click Continue.
5. Upon entering your verification code or after logging in with *Google, LinkedIn, or Facebook you should be redirected to the Connected page and should now have access to the NPS Guest wireless.

Limitations

Guest wireless accounts are typically valid for 2 weeks. If a guest **requires** a guest wireless account for longer than 2 weeks, they will need to apply for a new guest wireless account following this procedure.

Known Issues

*Google login is currently unavailable.
