**CLIMATE & SECURITY  
SPEAKER SERIES**

# Climate Security Leaders Panel

April 25, 2022 | 12:00 - 1:00 PM PT

As climate change makes security problems more complex, approaching these problems through targeted interdisciplinary opportunities such as fellowships can create more effective solutions. These speakers are each participating as fellows or postdocs in assessing and solving some of the most challenging problems in the climate and security area. Join us to find out about their work and the opportunities these positions afford.

## Speakers

**Dr. Emily A. Pesicka**

is an ORISE Post-Doctoral Fellowship with the Center for Infrastructure Defense at NPS. Dr. Pesicka received her Ph.D. in Political Science from the University of Hawaii at Manoa. Her research focuses on climate change, risk, resilience, and critical military infrastructure.
