Passcode: Naval#2022

About the speaker

Dr. J. Marshall Shepherd is a leading international expert in weather and climate and is the Georgia Athletic Association Distinguished Professor of Geography and Atmospheric Sciences at the University of Georgia (UGA). Dr. Shepherd was the 2013 President of the American Meteorological Society (AMS) and serves as Director of UGA's Atmospheric Sciences Program and Full Professor in the Department of Geography. In 2021, Dr. Shepherd was elected to the National Academy of Sciences, National Academy of Engineering, and the American Academy of Arts and Sciences. Prior to UGA, Dr. Shepherd spent 12 years as a Research Meteorologist at NASA-Goddard Space Flight Center and was Deputy Project Scientist for the Global Precipitation Measurement mission, a multi-national space mission that launched in 2014. Dr. Shepherd is an AMS Fellow and is also the host of The Weather Channel's Award-Winning show Weather Geeks and a contributor to Forbes Magazine. He has nearly 100 peer-reviewed scholarly publications. Dr. Shepherd received his B.S., M.S. and PhD in physical meteorology from Florida State University.

Dr. J. Marshall Shepherd

The Combined Naval Address on Climate, Energy and Environment is a joint effort by the Naval Postgraduate School, U.S. Naval War College, U.S. Naval Academy and the Marine Corps University to share perspectives and enhance educational opportunities in the intersection of climate, energy and environment with national security.
