CS4615	CS4648	CS4678	
	CS4677	CS4684	
	CS4679		
	CS4684		
	CS4921 <sup>1</sup>		
	CS4926		
<i>Non-CS:</i>			
CY4710	CY4700	CY4710	CY4700
	CY3650		

Notes:

- Course offerings are subject to change during the year and are projections only, predicated on instructor availability and sufficient student demand.
- CS students taking the *MOVES-Option* Specialization should contact Prof Chris Darken, the MOVES AA, for information about MV course offerings.
- CY courses are shown for information only, and are not managed by the CS department.

1. A new course, “Scalable Bayesian Machine Learning”, will be taught under the AIAS Track.
2. A new course, “Machine Learning in Data Networks”, tentatively numbered CS4555, will be scheduled in Python as CS4921 if not yet approved by Academic Council.
