Lecturer/Senior Lecturer of Computer Science
AD-1701-03/05
Department of Computer Science
Naval Postgraduate School, Monterey, CA

The Naval Postgraduate School (NPS) is accepting applications for a Lecturer/Senior Lecturer in the Department of Computer Science (non tenure track). We are especially interested in candidates with recent strong CS core topic teaching experience in one of more of these areas: cybersecurity, cyber operations, network security, data science, distributed systems, machine learning, or parallel processing .

Our students consist primarily of U.S. and international military officers seeking master's degrees, U.S. civilians entering the Cyber Corps who already have bachelor degrees or higher and are seeking master's degrees, and a few PhD students. We specialize in cyber security, networking, modeling and simulation, artificial intelligence, software engineering, and data science. Through research, we foster close collaboration with our military, civilian, and international counterparts, supported by state-of-the-art national and international laboratories. NPS is located close to the technology hubs of the San Francisco Bay Area and are very well connected in the US Navy and DoD cyber security and big data communities.

We seek applicants with the following skills and experience.   (1) Recent (past 5 years) in-depth experience in one or more of the core topic areas mentioned above. (2) Recent (past 5 years) teaching experience in one or more of: introductory programming, computer architecture, x86 or ARM assembly programming, introductory cyber security, C language programming and toolsets. (3) Academically published research or applications in the core-topic areas are preferred.

We seek to fill the position by February 2023 and will consider applications beginning 01 December 2022. In your application package your CV, names of three references, and a sample of your published work, if any. Discuss in your cover letter why you are interested in this position and comment on your initial teaching interests, research goals, and capabilities. The appointment will be made at the Lecturer or Senior Lecturer level, depending upon the candidate's experience.

> Minimum qualifications:
> - Must have a masters degree in computer science or a related discipline.
> - Must currently hold or be eligible for a U.S. Secret clearance.

Forward the application package to Dr. Geoff Xie, Search Committee Chair: xie@nps.edu

The Naval Postgraduate School is an equal opportunity employer. For additional information about NPS, please refer to the website at http://www.nps.edu.

NOTE: IF YOU ARE A VETERAN, you are strongly encouraged to: Identify your Veterans' Preference on your resume or elsewhere in your application package (type of preference, dates of service, date of VA letter, character of service, etc...)

Additional Veterans' information: If you are not sure of your preference eligibility, visit the Department of Labor's website: http://www.dol.gov/elaws/vets/vetpref/mservice.htm. For more veterans' preference information, visit: http://www.fedshirevets.gov/job/vetpref/index.aspx.
