**Systems Engineering Distance Learning (DL) Tuition Pricing**  
**Effective Fall Quarter, Academic Year 2020**

**Open enrollment rate:** Open enrollment tuition rate is $2500 per student per course without books effective with Fall AY20 tuition payments. If NPS is expected to provide the books then add $200 fixed fee per course for the duration of the respective program. This rate applies to all SE certificate, master’s degree and PhD programs. Tuition is required for any student enrolled in a course as of the first day of class.

**Full sponsorship tiered fixed-price rate:** Two tiered fixed-price options are offered to sponsors who make significant enrollment commitments. These options are offered as a result of reduced direct and variable costs associated with the commitments.

**Cohort Pricing:** The rate is $2000 per course without books. Organization commits to sponsor and fund an entire cohort of a minimum of 25 seats (not to exceed 30 per cohort) in a DL program and agrees to assume student attrition below the fixed-price floor of $50K. It is recommended that commands start with more than 25 students to minimize impacts of student attrition. If student enrollment drops to 24 or below, the price remains fixed at $50K per course for the cohort for duration of the program.

**Partner Pricing:** The rate is $2000 per course without books. Organization commits to sponsor and fund 50 or more seats across all DL programs. It is recommended that commands closely monitor the overall quarterly enrollment numbers to keep them at or above 50 seats. Should the student enrollment drop to 49 or below in any particular quarter, tuition will be fixed at the 50 seat rate. The command can then opt to revert back to open enrollment pricing or sponsor additional DL students in upcoming programs.

**Short Courses:** Various 1-3 day SE subject short courses are available not for graduate credit. The fixed price with book or handouts for 1-day is $15K, 2-day is $25K and 3-day is $30K. Enrollment is limited to 25 students per short course.

**Special arrangements:** NPS prides itself on being responsive to the needs of the Department of Defense. Any organization requesting additional program features or other special arrangements should contact the Associate Chair DPO to negotiate pricing.
