

# Watch Where You GO!

The campus seems to have been invaded by digital creatures. They are believed to be mostly friendly... but, pursuing them is not without peril. There are already stories of people around the country being stabbed, walking off cliffs, crashing their vehicles into trees, and even being shot at! Proceed with caution and remember the following:

- ▶ Stay Hydrated. Bring a water bottle. *It's Super Effective!*
- ▶ Pay attention to your surroundings! This is not only for your own safety, but for the safety of pint-sized players that might not be attentive to the real world!
- ▶ Don't trespass on private property.
- ▶ Remind children of "Stranger Danger."
- ▶ Don't be a Snorlax and block sidewalks or walkways. Move aside to let others pass.

AND MOST IMPORTANTLY....

# NEVER Drive and Play!
