REF A8 IS CUSFFC/NAVNORTH FRAG 20-032.003//

5.B.1.A.6.A. (U) IRT REF DA, CUSFFC/NAVNORTH delegates approval authority for personal leave and liberty travel outside of the local area to the unit CO, OIC or equivalent (Branch Head, Division Director, etc.) for all ADCON units. Navy service members will comply with any DOD, component, federal, state, and local restrictions while in a leave/liberty status outside the local area.

5.B.1.A.6.B. (U) No change.//

5.B.1.A.6.C. (U) Ref DA paragraphs 2.B.8.A. through 2.B.8.C provide Commanders and Supervisors guidance and procedures they need to follow when assessing leave/liberty travel requests. In addition, Commanders and Supervisors shall use the COVID Travel Risk Assessment Management worksheet and Activity-Based Risk chart for all travel requests. Worksheet and chart are posted on the CUSFFC/NAVNORTH portal, URL: https://usff.navy.deps.mil/sites/hq-moc/MOC_Pages/PIID.aspx in the References folder. This Risk Assessment Management worksheet is meant to provide a repeatable, risk-based assessment framework that Commanders and Supervisors can use in their decision making process. Although not directive in nature, it can support Commanders and Supervisors
in identifying high risk travel that would require mitigation through a ROM or a modified travel plan that lowers risk. As always, Mission Assurance, OFRP phase, higher echelon guidance, etc. should be factored into the decision making process before approving travel.

Finally, the worksheet assumes strict compliance to force health protection measures.//
