MEMORANDUM

Subj: FACULTY ACTIVITY REPORTS FOR ACADEMIC YEAR 2015

Attach: (1) Excerpt from Promotion and Tenure Guidelines
       (2) Faculty Activity Checklist
       (3) FAIRS Guide

1. The annual Faculty Activity Report (FAR) allows you to tell your Chair and/or Dean what your professional accomplishments were for the past year. Department/Group Chairs/Deans/Institute Directors use the information in the FAR for your annual appraisal and for the purposes of determining merit pay increases.

2. Two major changes are hereby implemented in FAR preparation and submission:

   a. The period covered in the report will be for the most recently completed Academic Year (AY). (Each AY runs approximately from the beginning of October through the end of September.) In the past, faculty prepared the FAR for the most recently completed calendar year. Changing to an AY-based FAR will better align the FAR with how faculty actually plan and accomplish their activities. (It is recognized that faculty will have already reported on their activities for Fall Quarter AY2015 in their FARs for calendar year 2014. Department/Group Chairs/Deans/Institute Directors should recognize and account for the overlap in reporting periods.)

   b. FAR preparation and submission will be accomplished using the new Faculty Activity Information & Reporting System (FAIRS). FAIRS is a commercially available tool (Digital Measures Activity Insight) that has been purchased by NPS to make the collection and reporting of faculty activities easier. FAIRS allows a faculty member to enter his/her activities and then run a report in the FAR format. Once data are entered into FAIRS, faculty may run custom reports, CVs, etc. Directions on how to access and use FAIRS are attached.

3. The AY 2015 FAR consists of the sections described below. Faculty will manually enter data in FAIRS for some sections, while some sections will be automatically loaded in FAIRS through interfaces with existing NPS systems (e.g., PYTHON). The following table lists the sections of the FAR, how the data are entered into FAIRS, and the faculty member’s role in preparing the section. Only activities that have been accomplished during AY2015 should be included in the FAR:
<table>

<td>Written and entered in FAIRS by faculty member.</td>

</tr>
<tr>
<td>C. Theses, Dissertations, Capstones, and Projects Advised</td>
<td>Automatically loaded in FAIRS from PYTHON; faculty member verifies accuracy.</td>
</tr>
</tbody>
</table>
| D. Research Summaries | • For sponsored research projects, project information from NPS Research Office is automatically loaded for the PI in FAIRS; PI adds, deletes, and edits data as necessary and verifies data.  
• For unsponsored research projects, the faculty member enters data in FAIRS. |
| E. Intellectual Contributions: Publications, Presentations, Intellectual Property | Entered and verified by faculty member. (Some data may be loaded automatically in FAIRS from NPS Calhoun system.) |
| F. Awards and Honors | Entered in FAIRS by faculty member. |
| G. Institutional Service | Entered in FAIRS by faculty member. |
| H. Professional and Public Service | Entered in FAIRS by faculty member. |

*GSBPP faculty members will provide statements on teaching, research, and service contributions.

4. Section A. (Narrative Summary) is a faculty member’s opportunity to highlight her/his most significant activities or accomplishments of the AY. The Narrative Summary should be kept brief, normally no longer than two or three pages. Although the format or style may vary based on the faculty member’s accomplishments and areas of concentration, the activities covered in a Narrative summary are typically divided into three general areas: Instruction, Research, and Service. (Note: Photos cannot be put into FAIRS, but they can be added to the Word document FAR produced by FAIRS.)

5. A Faculty Activity Report (FAR) is required from all NPS Faculty (AD Appointments) who have worked in excess of one month (160 hours, 20 days) during AY2015.

6. The following documents are attached as background information and further guidance:

(1) Pages 6-10 of this year’s promotion & tenure guidelines. These are examples of information and activities that one could highlight in an activity report.

(2) Faculty Activity checklist. You can use this as an aid in recalling your important activities of the past AY.
(3) FAIRS Guide - Instructions on accessing FAIRS and completing the FAR.

7. Submit the FAR as produced from FAIRS (as a MS-Word or PDF file) (and in hard copy if hard copy requested) to the appropriate administrative support assistant or administrative officer for your Chair/Dean/Institute Director no later than 28 March 2016.

8. FARs are an integral part of the annual review and assessment process for all NPS faculty. FARs are specifically used for:

a. Annual Faculty Merit Step Awards: Conducted during spring quarter, Merit Step Awards are salary increases recognizing superior accomplishments during the previous reporting year.

b. Civilian Personnel Performance Appraisal: Consistent with employment as federal government civilian employees, faculty members are reviewed annual in the civilian performance appraisal system. The review/appraisal cycle runs from 1 May to 30 April each year, in accordance with NAVPGSCOLINST 12430.2F.

c. Annual Employee Performance Awards: Faculty are eligible for cash performance and bonus awards. NPS’ annual cycle implements most performance/bonus awards during the summer quarter.

Note: Faculty may not be considered for merit step awards and/or performance awards without a FAR having been submitted.

**Section A – Narrative Summary**

Your Narrative Summary is entered by each faculty member highlighting her/his most significant activities or accomplishments during the Academic Year. Most faculty members will see a single text box after the first two questions, while GSBPP faculty will see three different text boxes that will focus on specific aspects of her/his activities.

As part of the change in NPS Public Release Policy, you will need to attest that you have taken the most recent Public Release training each Academic Year.

Section D – Research Summaries

Your Sponsored Research and Scholarly Activities are brought over from the NPS Research Portal. This portal contains all Research, Education, Professional Development, and Other Sponsored Activities that you were the PI or a Co-I on. If any information is missing or should not be included in FAIRS, please contact the Research and Sponsored Programs Office at research@nps.edu.

In the future, we hope to bring updated information from FAIRS back into the the NPS Research Portal to improve our faculty expertise searches. Sharing information will assist the Research Office with locating subject matter experts when requests from potential sponsors come in.

Section D – Research Summaries

Sponsored Activities are brought in through the NPS Research Portal which is managed by the Research and Sponsored Programs Office (RSPO). Information should be limited to Unclassified/Unrestricted projects only. Do not list any classified or controlled work in this system.

RSPO tracks sponsored work by Job Order Number (JON) and Fiscal Year. Efforts have been made to reduce proposals to a single occurrence per Fiscal Year. Some duplicates may still remain in the data, especially for multi-year proposals.

Please review the information in FAIRS, and update accordingly. If any information needs to be added or removed from FAIRS (or the Research Portal), contact the RSPO.

Running the Report

• Once you have finished adding/updating all of the information required for your FAR, follow the steps on pages 5-6 to run your FAR again.

• If anything is missing, or does not appear correct, revisit the screen(s) necessary to update the information.

• If your FAR is now complete, follow the steps from your Department Chair or School Dean on how to submit the final report.

• You have now completed your FAR obligation for the Academic Year!

• Feel free to keep your information up to date throughout the year. Supplied data will be uploaded quarterly to help you keep your information up to date throughout the year. We are still working on preparing these updates for the first quarter of Academic Year 2016, but the information will be there soon.
In the future, we will be using FAIRS to manage our Faculty Curriculum Vitae (CV) system (currently managed by RSPO). This change will allow you to self-manage what information is added to your CV directly through FAIRS.

To prepare for this eventual change, we have added this field to FAIRS so you can begin planning the look of your public CV information.

Check this box if you wish to include the record on your public CV in the future.

In the future, we plan to connect FAIRS with the new NPS Research Portal hosted on the RSPO website. This portal contains basic information about your sponsored projects.

The RSPO would like to update this information as your project progresses by copying updates to the abstract, co-investigators, etc. back to the NPS Research Portal.

Check this box if you wish to provide the record updates to the NPS Research Portal in the future.
Questions or Issues?

If you have any questions, feel free to contact us at: FAIRSOmbudsman@nps.edu

We will also create a support site soon.

We hope that you will enjoy using this new system!
