

Matthias Scheutz received a PhD degree in philosophy from the University of Vienna and a joint Ph.D. in cognitive science and computer science from Indiana University. He currently a full professor of computer and cognitive science in the Department of Computer Science at Tufts University, Senior Gordon Faculty Fellow in the School of Engineering, and Director of the Human-Robot Interaction Laboratory and the Human-Robot Masters and PhD programs. He has over 400 peer- reviewed publications in artificial intelligence, artificial life, agent-based computing, natural language understanding, cognitive modeling, robotics, human-robot interaction and foundations of cognitive science. His current research focuses on complex ethical cognitive robots with natural language interaction, problem-solving, and instruction-based learning capabilities.
