Overview

Completions Overview

Welcome to the IPEDS Completions survey component. The Completions component is one of several IPEDS components that is conducted during the Fall data collection period. It collects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and gender. The reporting period for the Completions component is during the 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year; therefore, for this year's Completions component, the reporting period is between July 1, 2019 and June 30, 2020. The Completions component is also collecting the number of students (e.g., completers) who earned awards between July 1, 2019 and June 30, 2020.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2020-21 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Changes to reporting for 2020-21

- There is a new distance education question on the CIP Data screen.
- Subbaccalaureate certificates that are less than one year in length have been segmented into two subcategories based on duration.
- There is a new FAQ elaborating on certificates that should be included in this component.

Use the 2020 CIP codes for this year's data collection.

- The [CIP 2020 Website](#) includes a list of new CIP codes, a list of deleted CIP codes, a list of moved CIP Codes, and an online crosswalk of the 2010 CIP and 2020 CIP.

Some common Completions component errors include the following:

- Including award levels on your current year Completions that were not reported on your previous year's (PY) Institutional Characteristics (IC). [Award levels in the PY IC component cannot be changed; therefore, contact the IPEDS Help Desk at 1-877-225-2568 if you need assistance.]
- Forgetting to select CIP codes for new programs of study that are offered by the institution, but do not have completions for the reporting period.
- Forgetting to enter in zero in at least one of the cells for CIP codes that do not have completions.
- Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Keep in mind that some information provided by institutions on the Completions component appear in the [College Navigator](#), which is a major tool used by consumers searching for information about postsecondary education. It is therefore vitally important that you include accurate information about your institution.

Survey materials can be downloaded using the following link: [Survey Materials](#).

Perform Edits	The total number of all graduate level awards conferred on men (2,416) is greater than the total number of graduate men enrolled (2,267) based on the data entered by your institution in the prior year Fall Enrollment survey. Please correct your data or explain. (Error #10520)	Explanation	Yes	
Reason	There are dual degree programs at NPS in which a student can begin coursework for a second master's degree before completing his/her first degree. At NPS a student who is already in a program does not need to enroll to another certificate program if he/she wants to earn that degree.			
Perform Edits	The total number of all graduate level awards conferred on women (579) is greater than the total number of graduate women enrolled (574) based on the data reported by your institution in the prior year Fall Enrollment survey. Please correct your data or explain. (Error #10523)	Explanation	Yes	
Reason	There are dual degree programs at NPS in which a student can begin coursework for a second master's degree before completing his/her first degree. At NPS a student who is already in a program does not need to enroll to another certificate program if he/she wants to earn that degree.			
Perform Edits	The percentage of students whose race and ethnicity are unknown across all 6-digit programs and all award levels is greater than expected. Please correct your data or explain. (Error #10538)	Explanation	Yes	
Reason	NPS has a program where students are enrolled elsewhere but receive their certification degree from NPS – 98% of the students did not identify their race and ethnicity. This is what is causing the large discrepancy.			
Perform Edits	Current year completions (83) are outside the expected range when compared to completions reported in the prior year (47) for: Women, in CIP codes starting with(14.XXXX), award level (6). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason	As NPS Institutional Research Office, we updated CIP codes that used for various programs. There used to be misapplication of CIP codes for many of the programs. As a result of this corrections, some of the programs are categorized under different CIP codes; this caused an unexpected range in the completion numbers of several CIP category when compared to the previous year's reporting.
