

## 12-month Enrollment 2016-17

Institution: Naval Postgraduate School (119678)

User ID: P1196781

### Overview

#### 12-month Enrollment Overview

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's-professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

#### Data Reporting Reminders:

- All institutions must use the July 1 - June 30 reporting period.

## Part B - Instructional Activity

### 12-month Instructional Activity

July 1, 2015 - June 30, 2016

#### Instructional Activity Reporting Reminder:

- Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- Graduate credit hour activity should not include any doctor's-professional practice activity, the total of those students' FTE is entered separately instead.

#### FTE Reporting Reminder:

- Institutions need not report their own calculations of graduate FTE unless IPEDS FTE calculations would be misleading for comparison purposes among all IPEDS reporting institutions.

**Summary screen****12-Month Enrollment Component Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2016.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

Source	Description	Severity	Resolved	Options
<b>Screen: Instructional Activity</b>				
Perform Edits	The number of graduate level credit hours reported on the Part B - Instructional Activity screen is higher than expected. Typically, each graduate student reported in Part A enrolls in 39 or fewer credit hours over the 12-month period. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #9210)	Fatal	Yes	
Reason:	Overridden by administrator. Consistent with PY, Students are full-time and carry a heavy credit load. LRC			
Related Screens:	Unduplicated count,&nbsp;Instructional Activity			
Screen Entry	The institution reported FTE entered on the Part B - Instructional Activity screen is significantly different from the estimate calculated from the instructional activity data. FTE should be calculated based on the total contact hours or credit hours (instructional activity) in which an average full-time student is expected to enroll over a 12-month period. Please correct your data or explain the reason for this variance, detailing the method used to calculate the entered FTE. (Error #9215)	Explanation	Yes	
Reason:	NPS' load is based on 64 credits per year (16 credits per quarter). The FTE calculated by IPEDS is based on a lower average load (36 credits/year) and is therefore misleading.
